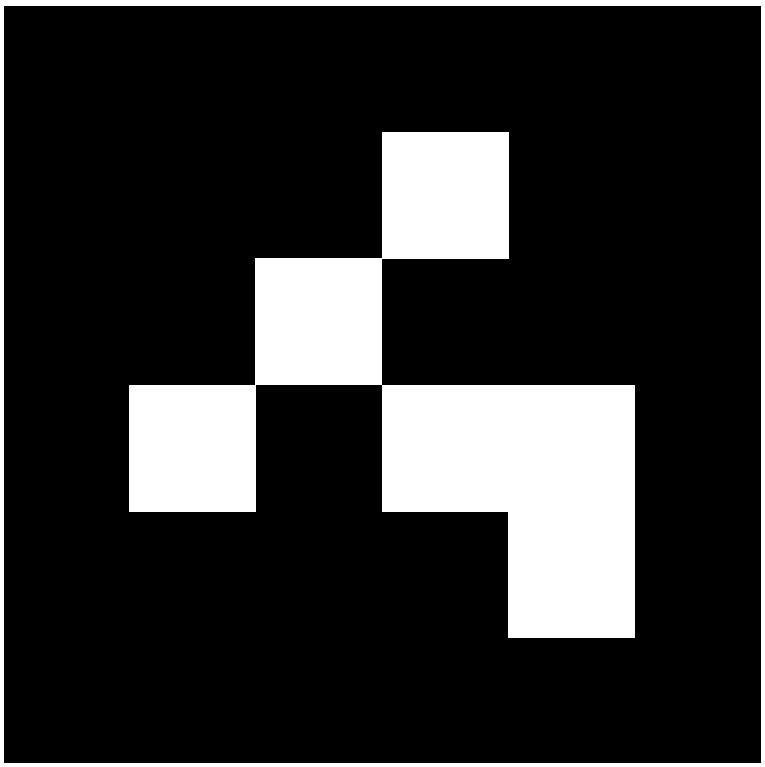
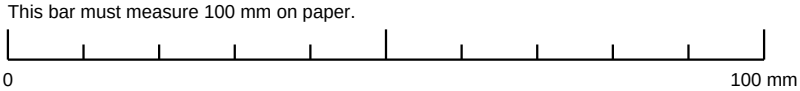
Robot marker, ArUco DICT_4X4_50, for the vacuum's lid.
Print at ACTUAL SIZE / 100 % (turn off 'fit to page' and scaling).
Black square = 100 mm. Cut along the dashed line; keep the white margin.
Tape it flat with this side up and FRONT toward the robot's front.
Never cover the LiDAR turret or the front bumper's sensors.

FRONT



ID 14


This bar must measure 100 mm on paper.
